"MY PLAN TO KEEP THINGS STRAIGHT"

Home Link Activity for "Balancing Life Roles"

Instructions: You are to choose one planning tool (Task List, Time Line, Calendar, Planner, etc.) and show how you organized 5 days of your life including activities, appointments, school assignments, work, family time, etc. Using your school planner would work for this assignment, if it is available. Attach a copy of the form you used to outline and organize your time to this sheet. If you need some help getting started, ask one of your parents to review or help you. This 5-day activity should be turned in to your CTE Intro teacher one week from today.
